ORGANIZATION
Planet Word (www.planetwordmuseum.org) is a new interactive museum that brings language to life with unique, immersive experiences for people of all ages. Nothing like it exists anywhere else in the world. Established in 2013 by CEO (Chief Executive Officer) and Founder Ann Friedman, the museum found a permanent home in the historic Franklin School, at the corner of 13th and K streets in the heart of Washington, D.C. The building underwent an extensive interior renovation and opened its doors to the public in October 2020. We are now expanding our team of professionals who share our love of the written and spoken word and are driven to bring an idea to life by supporting the museum as we grow into a full capacity organization.

Planet Word’s commitment to promoting diversity, multiculturalism, and inclusion is clearly reflected in the stories we tell. At Planet Word, we strive to provide a forum for civil discourse and to be a place where community, in all its vibrant diversity, can gather to share the words that bridge differences and forge solutions.

POSITION
Planet Word must raise millions of dollars each year to fund its unique exhibit experience, innovative programming, continued care of its historic building, and other annual operating costs.
